

SUPPLEMENTAL TYPE CERTIFICATE

EASA.IM.R.S.01558

This Supplemental Type Certificate is issued by EASA, acting in accordance with Regulation (EC) No. 216/2008 on behalf of the European Community, its Member States and of the European third countries that participate in the activities of EASA under Article 66 of that Regulation and in accordance with Commission Regulation (EC) No. 1702/2003 to

Paravion Technology Inc

2001 Airway Avenue
Fort Collins
CO 80524
United States

and certifies that the change in the type design for the product listed below with the limitations and conditions specified meets the applicable Type Certification Basis and environmental protection requirements when operated within the conditions and limitations specified below:

Original Product Type Certificate Number: FAA TC H3WE
Type Certificate Holder: MDHI
Model: 369D, 369E, 369H, 369HE, 369HS,
500N, 600N
Original STC Number: FAA STC SH2735NM

Description of Design Change:

Pneumatic Door Opener (PDO)

Associated Technical Documentation:

- Master Drawing List: DL-369PDO-100 Rev. E or later approved revision.
- Instructions for Continued Airworthiness: PR-369DA-120M Rev. O or later approved revision.
- Summary Document (including Cert. Basis): Paravion letter to EASA of 5th August 2008.

Limitations and Conditions:

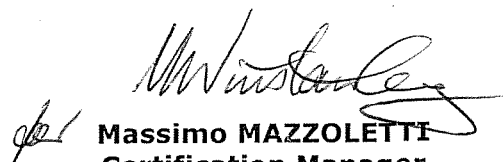

1. Prior to installation of this modification the installer must determine that the interrelationship between this modification and any other previously installed modification will introduce no adverse effect upon the airworthiness of the product.
2. The installation of this modification by third persons is subject to written permission of the approval holder.

This EASA STC supersedes and is a revision of LBA STC 0426/3036.

This Certificate shall remain valid unless otherwise surrendered or revoked.

For the European Aviation Safety Agency,

Date of issue: 23 June 2009
